

PC 680HTS

HYDRAULIC PAPER CUTTER

The PC 680HTS is a heavy duty 26.7" hydraulic paper cutter that comes standard with a fully programmable, easy to use 10" color touchscreen, safety light beams, laser cut line, table light, air bed and side tables. The PC 680HTS also has a push out feature and easy blade depth adjustment. The PC 680HTS paper cutter is engineered to fulfill the requirements of small to medium-sized print shops, offering a range of features typically associated with high-production paper cutting brands. The PC 680HTS paper cutter combines affordability with advanced functionality, ensuring precise and efficient cutting performance.
